AUTHORIZATION FOR SUPERVISION OF LEVEL B AND C (RESTRICTED) TESTS

Students registered in appropriate courses may have access to Level B and C (restricted) tests for the purposes of receiving training in assessment and when used under supervision of qualified faculty. It is the responsibility of the course instructor or faculty member to insure that students given such access have completed appropriate coursework in measurement, have received relevant training in the administration and interpretation of the particular test, and are provided appropriate supervision in test use.

The PRTC reserves the right to limit access to tests if it deems the student ineligible for the use of restricted tests. The PRTC policy on circulation of tests is consistent with the Ethical Standards for Test Users (APA, CPA, BCPA) and agreements with test publishers.

I would like students registered in the following course(s) to have access to restricted tests. I have included a complete class list, and a complete list of the tests to which registered students should have access.

COURSE	SECTION	TERM	Office Use		Approval
			CL Rc'd	TL Rc'd	

Instructors, please note: If you wish to supervise student administration and interpretation of additional restricted tests, please complete a **Request for Administration of Restricted Tests**, designating the specific test and student. The student would be allowed to purchase a single protocol for practice administration. If a student is required to borrow a manual (no protocols) for a restricted test or wishes to review a test at the PRTC, please complete a **Request for Borrowing Restricted Test Materials**.
